Ms. Paola Micarelli  
Agenzia Industria Difesa (AID)  
Government of Italy

10 April 2018

Dear Paola,

We can confirm that MARTEC (Marine & Technologies – Via dell'Industria 1/3 – 20060 Vignate – Milan) is our appointed formal Service Center in Italy and, further, that our 2004 Letter of Appointment has been renewed in 2016 with the attached Letter of Authorized Representative in the European Union, for fire suppression valves.

In reference to your question, sent March 09, concerning supporting agencies located within Italy; Marinefire S.r.l. Via Grecale, 33 Viareggio 55049 appears to be a distributor of Kidde Fire Systems, of Ashland, Massachusetts, USA, which is a different organization and has nothing to do with military AFSS valves or extinguishers. Both are United Technologies companies, yet reside within different business groups. The Ashland organization does not support military ground vehicle fire suppression.

If I can be of further assistance please do not hesitate to contact me.

Best regards,

Kevin Leitch
